SOMETIMES THE TRUTH HURTS!

Buyers Laboratory is an independent testing organization that tells you -- **by brand name** -- if an office or plant product is likely to perform as promised, how it compares with competing makes, its good features -- and its bad ones. Sometimes a big brand name doesn't measure up...and BLI tells you.

Purchasing professionals in 2,500 organizations turn to BLI Test Reports to find out what we have to say about a product -- **before they buy.** GM, GE, RCA, General Mills, Metropolitan Life, Mobil, John Hancock, Chase Manhattan, and many smaller firms.

For a **FREE** sample report and information on how BLI can help you cut costs and still get quality, just circle the number.

Circle Reader Service Card No. 529

Confidentially, We're Office Cut-Ups!

We keep things confidential by cutting up payroll records, cancelled checks, time cards, and other financial data into un-readable shreds.

We come in all sizes, from the pixie DIXI Model, designed for desk-side use, to the big Model 20-S for automatic stack feeding of computer tab cards in maintenance areas.

All told, we've got eleven sisters to handle all your shredding needs, large or small. Why not send for our vital statistics, then take your pick.
